SUBJECT: **Program Review Plans for Fiscal Year 2001 - October 1, 2000 through September 30, 2001**

The Cooperative State Research, Education, and Extension Service (CSREES) is seeking university program review requests for **October 1, 2000 through September 30, 2001**. While program reviews are voluntary on the part of eligible institutions, we believe they are important in assessing current strengths, identifying future opportunities and recommending appropriate strategies for enhancing university based programs. The Agency believes that the review of programs has had a positive impact on land-grant program quality; provided Federal staff with a realistic understanding of the dynamics of programs and program change; encouraged programs undergoing the review, and review team members to be exposed to new ideas in program management and resource utilization; and provided CSREES with current and comprehensive information used for responding to Congressional inquiries related to the use of Federal funds in supporting excellence in research, extension and higher education programming.

In recent years, most program reviews have been comprehensive and focused on all activities (research, education and extension) in the department or unit being reviewed. CSREES is committed to continuing, and where appropriate to university needs, the emphasis on comprehensive reviews. In addition, we are encouraging issues based reviews which involve collaborative units and cooperative activities. This reflects the Federal emphasis on high priority problems and issues and reviewing current resources and future needs considering the needs of constituents. It is our hope that program reviews will cross the traditional disciplinary boundaries that have not typically been associated with the review process. With the reorganization of CSREES headquarters staff in Washington, and the need to

efficiently use state, Federal and other resources, we expect that the review process will assess research, extension and education activities to meet the needs of the state, regions, and the Nation.

Recognizing the mutual benefit derived from the review process, CSREES will pay the travel costs for fifty percent of the review team, up to a maximum of three team members (including the CSREES team leader).

As we continue to improve the review of programs, we ask that the requesting institution provide CSREES with the background information noted on the attached request form for each unit or program to be reviewed during the period October 1, 2000 through September 30, 2001. Priority will be given to interdisciplinary, integrated issue reviews. Should you wish to provide this information in a different format, please feel free to do so, as long as you respond to the pertinent issues. The information provided will be used by CSREES as the initial point for discussions with you in planning and scheduling the review and assigning a CSREES team leader.

The review requests should be returned to CSREES by **April 30, 2000**, to be considered for the FY 2001 review cycle. Requests not received in this time line will be deferred until the FY 2002 cycle. We will notify you of the reviews that will be conducted and the name of the CSREES Team Leader by **June 30, 2000**.

Review requests should be returned to:

Rosa L. Monroe
USDA/CSREES/Partnerships
STOP-2214
1400 Independence Avenue, SW
Washington, DC 20250-2214
Telephone: (202) 720-5285
Fax: (202) 720-4730
E-mail: rmonroe@reeusda.gov

In addition to the Program Reviews described above, CSREES is able to assist institutions through the conduct of Civil Rights Reviews and Financial Compliance Reviews. Information on Civil Rights Reviews can be obtained from Mr. Curtiland Deville and Financial Reviews from Mr. Phillip Carter. Questions concerning these reviews can be directed as follows:

Mr. Curtiland Deville, Director
USDA/CSREES/Equal Opportunity Staff
STOP-2296
1400 Independence Ave., SW
Washington, DC 20250
Telephone: (202) 720-2700
E-mail: cdeville@reeusda.gov

Mr. Phillip Carter, Policy Advisor
USDA/CSREES/Office of
Extramural Programs
STOP-2295
Washington, DC 20250
Telephone: (202) 720-9181
E-mail: pcarter@reeusda.gov

Where appropriate, CSREES would accept requests to combine program and Civil Rights reviews.

Program reviews can be an important element of our agency plan to measure the quality, relevance and usefulness of programs conducted with Federal support. We look forward to supporting requests for the FY 2001 period and to ongoing discussions with you about the role of reviews in our system's overall strategy for accountability.

Direct questions concerning Program Reviews to me on (202) 720-5623 or by e-mail: gcooper@reeusda.gov.
